# Superintendent's Message

Congratulations to the staff for a most attractive book. And congratulations to the student body for making the year one that will be remembered pleasantly.

One of the important values of the school is to enlarge horizons. It is hoped that the time spent in Groom Public School has resulted in widened horizons, and that relationships between teachers and pupils have served a good and useful purpose. For, after all, it is these relationships of friendship that constitute the heart of a public school career. Cherish them well. As the years pass, they will grow dearer.
